REASONS FOR ALLOWANCE

1. This action is in response to the Request for Continued Examination (RCE) received on January 19, 2007.
2. Claim 16 has been cancelled and its limitations have been moved into claims 1 and 14.
3. Claim 58 has been cancelled and its limitations have been moved into claims 45 and 56.
4. Claims 1-15, 17-26, 45-57, and 59-66 are allowable over the prior art.
5. The following is an examiner's statement of reasons for allowance:
6. The above mentioned claims are allowable over the Cited Prior Art (CPA), Kamper (U.S. Patent 6,654,797) and Linehan et al. (U.S. Patent 5,495,533), because the CPA fails to teach or render obvious the claim limitations of the independent claims in combination with the added limitations present in now cancelled claims 16 and 58, as now recited in independent claims 1, 14, 45, and 56, and subsequent dependent claims.
5. The CPA does not teach or suggest a method or system, which discloses a backing up and restoring data of a key-server by using a plurality of portable storage devices to store secure electronic key data specific to each of a plurality of authorized users, wherein the secure electronic key data of the key-server is partially stored within each portable storage device and wherein all data within the plurality of portable storage devices is sufficient to restore security data to the key-server.

Art Unit: 2131

6. The present invention provides the following benefits over the prior art method and systems:

1) provides a distributed back-up system for secure electronic keys without the need for a back-up key server.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
